## PROFESSIONAL EXPERIENCE

[\(back\)](#)

### Account Manager

ASI Solutions

Botany, NSW

2006-pres

- Quote preparation for Government customers.
- Advise government customers on purchases needed given their current needs and budget.
- Linux consultant for internal staff and external customers.
- Organise special pricing for large public sector quotes.
- Help customers trouble shoot over the phone.

### IT Manager/Technician

Tagging Australia

Minto, NSW

2005-2006

- Set-up of IT equipment as well as advising on the purchase of said equipment.
- Managing IT equipment.
- Developing software to aid the business decision making by presenting timely and valid information from raw data.
- Management of jobs with clients and staff.
- Reporting and invoicing.
- Source new clients as well as existing ones, setting up new jobs with them as needed.

### Head Technician

Global Computers Technology

Warwick Farm, NSW

2002-2005

- Manage all Technical Staff.
- In charge of technical aspects for the company including:
  1. Setting up and maintaining a production system for new systems using disk images.
  2. Building new systems.
  3. Analysis of customers systems needing repair and carrying out the repair needed.
  4. Quoting customers and handling customer queries.
  5. On-site diagnostics and repair.
  6. Advise on future Technological expansion for the company.
- I revamped the business by introducing a LAN with DHCP server for the shop to facilitate sharing of installation files, PXE thin client server system, network installs of operating systems, disk imaging of operating systems on commonly used hardware setups to local and networked disks to speed up new system builds, an Intranet FTP and HTTP setup and remote Secure Shell Access.

### B & D Custom Built Computers

Self-employed

Narellan, NSW

2002-2003

- I identified a need for my fellow university students to have access to quality, reliable computer systems for people on a budget. As such I formed a partnership with a fellow student to fill this niche market.

### Stockroom Manager (plus many more)

Woolworths

Narellan, NSW

1997-2002

- Ran the storeroom of a \$1,000,000+ turnover a week supermarket.

I also previously worked in:

1. Deli
2. Seafood
3. Perishable
4. Groceries

I became known throughout the shop for my willingness and capabilities to work in any department that the shop needed me to, before attaining a management role as Stockroom Manager.

### General hand

Grinners catering

Camden, NSW

1996-1997

- Catered many different parties on-site. Parties included 21<sup>st</sup>, weddings and engagement parties.

### General hand

Pie Express

Campbelltown, NSW

1996-1997

- Customer service.
- Basic bakery skills and food presentation.

### Deliverer

Progress Press

Moorebank, NSW

1994-1995

- Delivering pamphlets while in High School.

### Instructor

Arjuken Karate

Catherine Fields, NSW

1991-1992

- Managing and Teaching a Martial Arts class of my own, in my local area, at the age of 15, for the school I was attending.

SPORTING

12 Awards including 4 Black belts	1989-1991
-----------------------------------	-----------

## PERSONAL EXPERIENCE

[\(back\)](#)

- Ran home Windows servers and now Linux servers that include these services, among others:

1. HTTP
2. HTTPS
3. FTP
4. PHP
5. MySQL
6. SMTP
7. IMAP4
8. POP3
9. SSH
10. CUPS
11. NFS
12. SMB
13. Asterisk

I have also been exposed Solaris 10.

Other skills learnt in this field include:

- Basic Python coding, Bash scripting, HTML, CSS, PHP, Networking (inc. Firewall, NAT, DNS, DHCP management), file system management, Operating System installation, data recovery methods, OS installation and management and IT support to name a few.
- I have used Asterisk over the years, mostly in the form of Trixbox to have a ready-to-go Asterisk server. Utilised Trixbox in setting up an office's communication system.
- Software I have developed can be downloaded from the software link on my blog ([www.dward.us](http://www.dward.us)) or direct link [www.dward.us/software](http://www.dward.us/software).
- Please refer to my resume site for an example (<http://resume.dward.us>) of my web skills.
- I also manage several domains:
  1. [dward.us](http://dward.us)
  2. [jward.net](http://jward.net)
  3. [wspirates.com](http://wspirates.com)
  4. [ward.myvnc.com](http://ward.myvnc.com)
  5. [taggingaustralia.com.au](http://taggingaustralia.com.au)
- I manage the mail boxes for the domains listed above. They facilitate both SMTP and IMAP4/POP3 services.
- I am the founder of the West Sydney Pirates Forum (<http://forums.wspirates.com/>) and am head administrator for it currently.
- I have spent a number of years learning how to edit video professionally. I capture video from analogue sources in high quality lossless formats or transfer from a digital source and then edit with special effects, lossy codec's such as DivX, XviD and lavc (mp4) on the video stream and Ogg Vorbis, Speex or mp3 on the audio and then put that into an AVI, OGM or Matroska containers for archiving or sharing with team-mates. Most of this is with football video footage of our games. A sample is found [here](#).
